We used to say in the Upper Peninsula that the only person more conservative than a township supervisor was a sexton in a rural cemetery. But our supervisors are getting a new image.

It shows in the Upper Peninsula Committee on Area Progress which the boards of supervisors of the Upper Peninsula have created to promote economic de-

UPCAP began its relationship with the federal government by acceptance of an Area Redevelopment Administration grant of more than \$100,000 to employ Robert Nathan Associates to provide technical assistance in developing economic development projects in the Upper Peninsula.

That program lasted for more than a year and got several projects moving, including a forest inventory, a fish industry development project, a tourism investment project and others.

The Office of Economic Opportunity recently gave UPCAP a grant of \$40,000 to help it provide staff service to the War on Proverty projects which the UPCAP-Economic Opportunity Committee is screening.

This is all quite a piece down the road from the old U. P. county board of supervisors view of its relationship with the federal government. Where is UPCAP headed? Is it a good trend? Is it inevitable?

We asked Dr. E. V. Bowden, executive director of UPCAP, about its deepening relationship with the federal government. A former teacher of economics, he views the U.P. trend toward increasing partnership with the state government and particularly the federal government as evolutionary and inevitable under our present tax structure.

The local governments (townships, counties, school districts, municipalities) haven't the tax income to do many things which the public demands be done because they are dependent upon the property tax and it is already so high that it's almost past expansion.

Into this vacuum steps the federal government with its great taxing powers. It finances the local projects Mississippi, relatively quiet for which there are not local taxes.

Negro Poverty High In State

EAST LANSING (AP)-From one-quarter to one-third of Negroes in major Michigan cities have incomes "below the pover-ty line" of \$3,000 a year, the National Urban League declared

The organization released statistics from the second half of its survey into Negroes' conditions which it said found Negro unemployment ranging from 10 to 19 per cent and Negro housing ranging from 32 to 57 per cent slums.

New figures covered Lansing, Ann Arbor, Kalamazoo, Jackson and Saginaw. Statistics for Detroit, Pontiac, Flint, Muskegon and Grand Rapids were released last fall.

At a news conference, league regional director Raymond Brown declared "our research reveals the depth of the tragedy of poverty among Negroes. If Michigan is to become a more prosperous and dynamic state with real progress in race relations, the scourge of poverty must be wiped out.'

The statistics also were given to a three-day antipoverty conference sponsored by the league and attracting about 200 Negro leaders from Michigan.

Woman To Be Church Deacon

SAN FRANCISCO (AP) - A 48-year-old widowed grandmother, for years a faithful servant of the Episcopal church, is prepared to stand firm in the center of a church controversy over an historic honor.

Episcopal Bishop James A Pike of California said Friday in New York that he would ordain Phyllis Edwards, a deaconess, to holy orders under revisions in church canon law. As such she would become a deacon.

A woman has never been ordered to the Episcopal diaconate, only admitted to it.

Under ordering, said Bishop Pike, women may now be ordained to holy orders. But the bishop's announcement had a quick follow-up that caused a change in plans.

At the request of the standing committee of the Episcopal diocese of California, which ranks just below Bishop Pike in church affairs, the ordination of Mrs. Edwards was postponed a month.

"I happen to be available," said the deaconess, an assistant at the Episcopal Mission Dis-

Lifer Appeals by J. R. Williams 1935 Sentence

DETROIT (AP) - A 30-yearold murder case - the slaying victim was a relative of the late Chief Justice Charles Evans Hughes - came before a court again Friday.

William Lee Schweitzer, 57,

The case now is before Recorder's (Criminal) Court Judge John P. O'Hara. The original trial transcript is missing. And

Schweitzer and three young women were convicted of first degree murder and sentenced to life in the June 26, 1935, slaying of Howard Career Dickinson, nephew of Justice Hughes. A ury convicted the four.

Dickinson, a middle-aged atorney, was in Detroit on legal business when he was shot to death in a car in Rouge Park.

Schweitzer, then 27, and the women lured Dickinson from his hotel on a promise to "show him the town" and conspired to kill him. Robbery was the alleged motive. The sum of \$134 was taken from the dead man's pockets, police said. Schweitzer fired the fatal shot, it was said.

Florence and Loretta Jackson, sisters, and Jean Miller were sentenced to life also. The late Recorder's Judge John A. Boyne handed down mandatory life sentences.

The three women were freed in 1950. Their sentences had been commuted. Miss Miller is dead. The whereabouts of the sisters is not known.

Leafs Invade Montreal Ice

By The Associated Press
The Toronto Maple Leafs invade Montreal tonight, confident they can end a tide of home-ice domination in the National Hockey League playoffs and sweep aside the Canadiens' challenge while enroute to a fourth successive Stanley Cup championship.

"There's no way they can beat us now," crowed Toronto pilot Punch Imlach Friday before the Leafs returned to Montreal for the fifth game of the best-of-7 semifinal series. The Leafs and Canadiens have divided four games, with a home team winning each time out. The Detroit Red Wings and

Chicago Black Hawks also are deadlocked 2-2 in their semifinal set and neither club has been able to win on the road. The Wings entertain Bobby Hull & Co. Sunday night in game No. 5. Imlach is convinced the Leafs

gained momentum in Thursday night's 4-2 come-from-behind victory over the Canadiens at Toronto. The Leafs rallied for three goals in the third period to win it after Johnny Bower's magnificent goaltending had kept them in the game.

At Detroit Sunday, the Red Wings match their tremendous home record against a Chicago team awakened by the return to scoring form of superstar Bobby Hull. Hull has fired six goals in the first four games, including the winner in Thursday night's 2-1 Chicago victory.

Ortiz Defends **Boxing Crown**

PANAMA CITY, Panama (AP)-Almost a year to the day away 3 years ago, April 10th. since his last defense, Carlos Ortiz risks his world lightweight Three championship tonight against

Olympic Stadium. Ortiz, a 28-year-old Puerto Rican from New York who outpointed Kenny Lane in San Juan on April 11, 1964 in his last title defense, is favored in the betting although Laguna is the sentimental choice of his country-

The challenger goes into the fight with a 37-2 record, but virtually all of his bouts have been in Panama against little known

opponents. Ortiz hopes to make this, his His deeds we will always fifth title defense, his 13th straight victory. He hasn't lost since he lifted the crown from Joe Brown in Las Vegas three years ago. His over-all record is 44-4 and one no-decision in 49

old right-hander who doubles as a professional basketball player and coach with Detroit, was optioned by the Chicago White Sox to Indianapolis Friday, DeBusschere reported three

weeks late to the Sox training camp because of his basketball duties. He worked only four innings for the Sox this spring. This is the fourth and last option allowed on DeBusschere.

General Manager Ed Short said the Sox early schedule would not allow DeBusschere to work and "we want him to pitch every fourth day." Short said DeBusschere could

Hockey Playoff All Knotted Up

DES MOINES (AP) - Des Moines' Oak Leafs edged Port Huron 5-4 Friday night and forced a seventh-game showdown Sunday in the International Hockey League semifinal playoffs. With the teams tied 3-3, the decisive game will be played at Port Huron. Paul Johnson, who had been

sidelined with a shoulder injury, returned to the Des Moines line up and scored three goals. Joe Kiss and John Anabelle added the others for the Oak Leafs. Bill LeCaine had two goals

and Frank Ste. Marseille and Tom Clark the others for Port Huron.

Broncos Bow In Season Opener

KALAMAZOO (AP) - Terry Harmon drove in a tie-breaking run that gave Ohio University a season-opening, 4-3 baseball victory over Western Michigan in the Mid-American Conference Friday.

Harmon rapped a single to left field that scored Berke Reichenbach in the eighth inning.

WMU's right-fielder Ed Staron allowed Mac Wagner to score the tying run in the seventh when he threw to second base instead of home plate. Staron earlier misjudged a Harmon fly and the Ohio University player made it to third base and then scored on a single by Dave Sprochi.

Ohio U. is 6-0. It was the opener for WMU.

from 2 to 4.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral aterial support. Plan to go to church regularly and read

the Place de l'Etoile reminding the world of an Emperor's early victories-and later defeats.

On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.

Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million churches bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of other men's blood.

Jesus bought for All Men eternal life—at the price of His Own Blood! Copyright 1965 Keister Advertising Service, Inc., Strasburg, Va
